

Forms Management

The innovative Forms Management module replaces all traditional paper based forms and checklists filed by crew, giving you a reliable paperless system.

Key Features include:

- ✓ Electronic format of the daily, monthly and weekly forms
- ✓ Checklists designed and uploaded in the system
- ✓ It enables ship staff to fill in the forms and checklist in electronic format
- ✓ It also enables ship staff to send all forms to the office through the system instead of via huge email attachments and hard copies
- ✓ The complete history of forms can be stored in the system and it is retrievable anytime
- ✓ Provision to have emergency contact details (oil spill, port authorities, owner, manager, etc.)
- ✓ The tracking of old filled forms and checklist are hassle free
- ✓ Shore Staff (for example manager and superintendents) can monitor all the above forms and checklist with their smartphones and tablets anytime anywhere

SDSD has supported the maritime industry with software and services since 1983

Book a demo today, and also find out how we can help you replace all traditional paper based forms and checklists filed by ship staff
